

No more media concentration - roll back to pre 1996 rules!!
Studies commissioned by the FCC do not tell the story of the negative
affects media deregulation and consolidation have had on media diversity.
We want no more deregulation of the peoples' air waves!

The right to carry on informed debate and discussion of current events is
part of the founding philosophy of our nation. Our forefathers believed
that democracy was best served by a diverse marketplace of ideas. If the
FCC allows our media outlets to merge, our ability to have open, informed
discussion with a wide variety of viewpoints will be compromised.

We need more hearings and FCC needs more input.

Sincerely,
